

## Help save The Lowther Arms. Sponsor our community pub.

The **Lowther Arms in Mawbray** is in danger of being turned into houses.

This means no more village pub. Like many rural villages, there's no shop, no post office, and if the pub goes, that's that.

So, we've come together, and we've raised **all but £21,000 of the £250,000** we need to buy the pub.

There's a **solid business model** behind this. The pub, and the campsite attached to it, can and will make money. This creates a future for the Lowther Arms which doesn't rely on grant funding, will pay a live in tenant (and other local staff) a wage, and ensures that there's a place for youth nights, lunch clubs, a library service and other activities that make Mawbray thrive.

It'll be a **real pub**, partnered with local breweries and selling good local food and drink.

### **We need your sponsorship to help us buy the pub.**

**For £2,000**, your organization can use our small meeting space for free, and we'll tell everyone you're supporting us through our website and social media. You'll get your name and logo on the pub menu for everyone to see whilst they're ordering their Cumberland Sausages.

**For £5000**, you'll get everything above, we'll also send you a crate of local beer or wine and you can have your own pub table branded up. Perfect for your team to sit round to whilst taking advantage of our free meeting space.

**For £10,000**, you'll get all the above, and we'll host you a wine or beer tasting evening for up to 20 people. You may want to book into the campsite after it or lean upon your branded table to recover.

### **Sponsoring our pub will make all the difference for our community.**

We need our pub. It's not just the beer, it's what it means for our village. The pub is the place where we meet, talk, listen to music and check on each other to make sure we're ok. It also provides work for our youngsters and supports other local businesses.

Please help us keep our village alive.

Cheers!
